

We wish to thank the several CC>CC, Inc. members who provided assistance in the creation of the 2006 OTY Judge's Pamphlet by providing scans, loan of items and in some instances the donation of some of the items pictured herein. We also thank the many Club members, who submitted nominations, for their participation in the CC>CC's OTY Awards process, who are also the Official Judges.

While we regret the continuing demise of the slot machine token, we are encouraged by the creativity and artwork being expressed in slot cards and room keys and note that the number of CKOTY nominations have exceeded the number of TOTY and SSOTY nominations. Unfortunately, we also note the potential demise of the SSOTY Award, as IGT has announced the termination of the Silver Strike Program. It seems that the last Silver Strikes will be minted in 2007. So unless some marketing miracle happens, next year's OTY Awards may mark the last SSOTY presentation.

At the Convention, all the loaned OTY items will be on display, as a non-competitive Exhibit. Each of those who assisted in this effort will be identified, but I thank each of you for the help. It was greatly needed!

JUDGE'S PAMPHLET

OTY 2008

TOTY

TOTY Awards for 2008 have been suspended as a function of not receiving a viable number of Nominations. Perhaps matters will be different next year.

But for now, the TOTY Awards are suspended.
